**Zadeva: Prošnja za posredovanje vabil podiplomskim študentom na 7. Konferenco o znanosti in tehnologiji v družbi**

Spoštovani,

Ministrstvo za zunanje zadeve je pred kratkim prejelo prošnjo za pomoč pri posredovanju vabil na **7. Konferenco o znanosti in tehnologiji v družbi**. Ker si organizator želi sodelovanja podiplomskih študentov, se obračamo na vas oziroma inštitucije, ki jih predstavljate.

Kot rečeno bo 5. in 6. aprila 2008 v Washingtonu D.C. potekala 7. Konferenca o znanosti in tehnologiji v družbi, ki jo organizira Ameriško združenje za napredek v znanosti (American Association for the Advancement of Science). Namen konference je predstavitev magistrskih nalog povezanih s politikami do znanosti in tehnologije ter okoljskih študij. Na konferenco so vabljeni podiplomski študenti, ki so se v svojih magistrskih nalogah ukvarjali s:

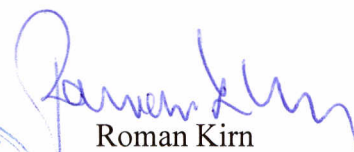

- politikami do znanosti in tehnologije,
- tehničnimi znanostmi,
- okoljsko politiko,
- okoljskimi znanostmi.

Prosimo vas, da študente omenjenih področij opozorite na možnost participacije na konferenci in jim posredujete vse informacije, ki bi jim koristile pri prijavi.

Lep pozdrav,

Pripravil:  
Klemen Ponikvar

Roman Kirn  
Veleposlanik  
Vodja sektorja

Poslano:

- gospa Tatjana Mikelič Goja, Univerza na Primorskem
- gospa Karolina Bucka, Univerza v Mariboru
- gospa Katja Cerjak, Univerza v Ljubljani
- gospa Erika Gojkovič, Univerza v Novi Gorici

**CALL FOR PAPERS**  
**Science & Technology in Society:**  
**An International, Interdisciplinary, Graduate Student Conference.**

The American Association for the Advancement of Science

Arizona State University, CSPO

George Mason University, SPP

The George Washington University, CISTP

University of Maryland, MSPP

Virginia Tech, STS

**When:** April 5-6, 2008  
**Where:** American Association for the Advancement of Science Headquarters, Washington, DC  
**Abstract Deadline:** January 4, 2008

This annual conference provides a venue for graduate students from **Science & Technology Policy, Science & Technology Studies, Environmental Policy/Studies** and related fields to present and receive constructive feedback on their research. In developing the agenda for the conference, the organizing committee's primary goal is to create a forum that encourages intellectual exchange between **S&T Policy, STS, and Environmental Studies/Policy** by assembling panels around similar themes. As such, the committee will accept the strongest proposals on issues relevant to either field, and build the agenda around them. The agenda for last year's conference provides examples of common themes and topics that may be covered this year. In addition to presenting papers, students will have the opportunity to interact with each other and prominent scholars and professionals related to their field of interest. Every year we invite prominent figures from both S&T Policy and STS to deliver keynote addresses. Because we draw participants from all over the world, this conference is an excellent opportunity for young scholars aspiring to work in academic, governmental, or non-governmental settings to build both national and international networks for future research and collaborations.

The conference organizing committee welcomes submissions of abstracts (up to 250 words) for a 15-minute presentation. Please submit abstracts and contact information via email to [STabstract@gmail.com](mailto:STabstract@gmail.com) by **January 4, 2008**. Notification of abstract acceptance will be given no later than **February 11, 2008**.

Information concerning area lodging and registration is posted on the conference website. A small number of travel grants will be available on a competitive basis. Indicate your need for travel funds when submitting your abstract. For further information visit the conference website.
