## HPCFS Terms of Use

The user is responsible for using computing resources, communication devices and the public communication network in accordance with public regulations, certificates and standards, and is also responsible for any irregularities, illegalities or damage that would occur as a result of his/hers inappropriate behavior. The undersigned can use the assigned account within the framework of an approved project, his/hers own research work or studies at UL FME. Unauthorized use of the assigned account is considered:

1. enabling network access to third parties,
2. an attempt to obtain and use access that has been granted to another user,
3. advertising by e-mail and sending chain letters,
4. use of access to the network for gainful activities outside the approved project or authorized access name,
5. intentionally disrupting and disabling the work of other network users,
6. destroying and changing data owned by other users,
7. breach of confidentiality or publication of data owned by other users,
8. publishing and sending data that violates copyright (films, music...),
9. creating, sending or publishing data with offensive or pornographic content,
10. passing false or misleading personal data to services on the network that require such data,
11. use of services that are not intended for public use,
12. use of programs or procedures whose purpose or consequence is to undermine integrity and stability operation of a computer, computer system or network,
13. use of unlicensed programs.

In the case of impermissible use by the user, UL FME may terminate the user account without prior warning. In accordance with the current legislation, UL FME will forward information about the violator to the appropriate authority. The undersigned must be aware that in case of unauthorized use of this account, they may also be held criminally and materially liable.

You can send the correctly completed first page of the form to the email [hpc@fs.uni-lj.si](mailto:hpc@fs.uni-lj.si). Users can also bring the form in person to the FME Computer Center.
